

SPANISH AMERICAN EVANGELISTIC MINISTRIES

June 2010 Issue

From the Staff

It seems that this year is already getting away from us...We are in the middle of it already! As you may know, we are a very small staff, so because each one of us has several jobs, you will be getting our Newsletter every other month... We Pray!

We want to tell all of our supporting Churches and Christian individuals that this mission is keeping in step with the demand of our literature. The violence in our sister city of Juarez, especially, is allowing its people to claim for God's protection and they yearn to learn about our Savior; while some churches in Juarez are closing Others open, looking for the answer in Jesus Christ.

At this time, we want to say that S.A.E.M. is happy to welcome Terry Knippers – from Oklahoma City, as our printer. Due to the fact our funds are focused mainly in the purchasing of the supplies for the Print Shop, we cannot print continually; but Terry's work schedule will work out wonderfully. He will be at S.A.E.M. when funds will allow and we are thrilled to have him back. He is very experienced in his field as a pressman and is an asset to our team!

Special Thanks from S.A.E.M.....

A Testimony..... A great time promoting S.A.E.M. while blessing the needy with donated blankets from MN!

I heard about it ahead of time, Extreme Weather Task Force was going to have a blanket drive, and a light bulb went off in my brain, "why not participate." We have the beautiful, handmade quilts at our mission. Hand made with lots of love and work in them! They were given to our mission by two ladies' groups in Minnesota and they were given to help out people who are in need. That is what this community effort was all about, so... as the radio station KHRO 1150 ,on the dial, was having this live broadcast and encouraging people to come by and donate blankets.....I decided to do it!

Just a drive across town to the studio on N. Mesa Street and I got a nice welcome by the receptionist. I was shown the way to the studio and I already knew from listening to the broadcast.... To tap on the door and I would be let in. I stated my proposal; giving two blankets for the project. In a little bit, the program host motioned me over. He provided ear phones and the interview proceeded as I told of the source of the quilts; that they were made by two different ladies' groups from two churches in Minnesota and even the freight paid to get them here. I related that the majority of them go to poor homes in Juarez; one of these blankets nailed up as a door by the receiver, to keep the draft from blowing across. The ladies from Minnesota know of this event and they were in agreement about..." wherever they are needed." The radio host commented that it is a great thing that the ladies, who made and donated the blankets, will never see their receivers. A wonderful testimony of Christian love ... Amen, to that!

I concluded the interview by giving out the web page address of S.A.E.M. I was told that our internet information would be added as a side bar to the Radio's main web site: www.radiotalk1150.com.

The blankets being given were held up to the passing traffic, telling the motorists that this was the place to bring in more blankets. By mid-afternoon, a total of 90 blankets were received at the location. *By Ed*
