June 2015

Our Exciting News Continue!

The Digital Press – Image Press C6010 has been installed. Terry Knippers, our printer - along with his wife Amparo, will be arriving July 5th. We are anticipating that Terry will be getting much printing done and that is so uplifting for us, in the printing business! We are so excited about the quality of print coming out of this new machine, we want to tell you that a sample packet of our literature will be ready to mail to you, if you desire to view our tracts!

SAEM is very fortunate to have you as our supporters in this big decision of acquiring the digital press. The donations for our FLEX 2015 account are arriving and we are so blessed to have the reassurance from God that He will place a desire in your hearts to continue helping us, as we make way to pay for this new printing machine. **“THANK YOU!”** in His Name... we know that you understand it is for His Glory that we continue to print His word; that no corner of the Spanish speaking world remain without reading it!

SAEM's grounds are looking so much better! We said that an update would be forthcoming regarding the planting of trees and bushes that took place in November of last year ... and here it is:

Great, right?

As we update you on all that is going on at our mission, we do not want to forget to add that Apartment A is completely redone! We were able to offer it; along with our other facilities, to the work team out of Arkansas that were here the beginning of this month. This church

group made up of 13 persons - worked across the border in Juarez, Mexico for an entire week; offering their physical work, monetary support and love to churches, orphanages, and Christian ministries. SAEM was happy to host them when they arrived and before they went back home. They were a true blessing to all who met them and received their help.

The violence across the border in Juarez, Mexico has dropped considerably, however most of the teams that visited the city in the past, have still not returned. This has left many churches and ministries in Juarez with very strong needs. Any individuals or churches wishing to send financial help to ministries in Juarez may do so through SAEM. We would love to hear from you if you care to deliver the funds yourselves; stay with us and make your trip as rewarding as this group from Arkansas did! Let us hear from you.

Finishing up the update of SAEM, we continue to express the need for a push lawnmower and even better a riding mower! Our push mower is no longer serviceable and that was what we had available for the four acres of our property. Aside from our grateful **“Thank You”**, we can provide a receipt that will help with your taxes at the end of the year.

May God richly bless everyone who supports SAEM, the ministries in Juarez and the Kingdom of God!

In Christ,

Bety Garcia,

Director

SAEM Staff & Trustees
